OFFICE OF PETITIONS

Applicant: Gale et al.
Appl. No.: 10/620,530
Filing Date: July 16, 2003
Title: PORTABLE, CRYOGENIC GAS DELIVERY APPARATUS
Attorney Docket No.: S1022.8098US01
Pub. No.: US 2005/0011583 A1
Pub. Date: January 20, 2005

This is a decision on the request for corrected of patent application publication under 37 CFR 1.221(b), filed on February 2, 2005, for the above-identified application

The request is DISMISSED.

Applicant requests that the application be republished because the front page of the patent application publication omits the assignment information.

37 CFR 1.221 (b) is applicable "only when the Office makes a material mistake which is apparent from Office records." A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.¹

The instant request does not identify a mistake in the publication made by the Office. The assignment information was not printed on the patent application publication, because it was not provided on the transmittal letter or on an application data sheet.²

Applicant is reminded of his duty to conduct a reasonable inquiry before filing a paper before the Office. See MPEP 410.

²See Comment 59, Changes to Implement Eighteen-Month Publication of Patent Applications, 65 FR 57023, 57047 (Sept. 20, 2000), 1239 Off. Gaz. Pat. Office Notices 63, 84 (Oct. 10, 2000) (final rule).

Applicant's request for a corrected patent application publication on February 2, 2005, may constitute a "failure to engage in reasonable efforts to conclude processing or examination of the application." See 1.704(c). This determination will be made on or after a mailing of a Notice of Allowance.

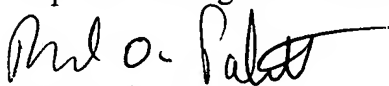

The applicant is advised that a "request for republication of an application previously published" may be filed under 37 CFR 1.221 (a). Such a request for republication "must include a copy of the application compliance with the Office's electronic filing system requirements and be accompanied by the publication fee set forth in § 1.18 (d) and the processing fee set forth in § 1.17 (i)." If the request for republication does not comply with the electronic filing system requirements, the republication will not take place and the publication fee set forth in § 1.18 (d) will be refunded. The processing fee will be retained.

Any request for republication under 37 CFR 1.221(a), must be submitted via the EFS system and questions or request for reconsideration of the decision, should be addressed as follows:
